## THE SILENCING OF GOD

Do you know...

... the phrase "separation of church and state" does **not** appear in the Constitution or any other founding document?

... our Founding Fathers were **not deists or pluralists**; but instead were Bible-believing men who prayed and gave thanks to God **publicly**?

... that **every** original state preamble referenced God?

... the Massachusetts state constitution still states that it is the "**duty** of all men to worship the Supreme Being?"

... that early **public** school text books included the following statements: (1) God has made two great lights, the sun and the moon. (2) It is a solemn thing to die and appear before God. (3) Prayer is a duty. (4) It was once a practice in France to divorce for incompatibility of tempers, a practice soon found to be incompatible with social order.

... that, in 1789, Congress requested the President to request the people to dedicate a day to praying to and thanking God? ... in 1811, the US Supreme Court **convicted a man for blaspheming Jesus Christ** and sentenced him to jail for three months and fined him \$500?

... that **sodomy used to be illegal** in every state of the country, was punishable by death in four states, and continued to be illegal in some states until the US Supreme Court struck down such laws in 2003?

(continued from front)

These are just a very few of the many proofs of our Christian heritage that are offered by church of Christ preacher Dave Miller in "The Silencing of God" DVD. If you want to know more about the attempts to remove God and Christianity from our history and the modern day secularization of our nation, this DVD will interest and inform you. A copy is located on the bookcase in the front lobby if you wish to borrow and view it.

## Remember in Your Prayers

**Terry Dow**, a graduate of NCSBS and preacher at the Flat Rock church of Christ in Michigan, is in great need of prayers. Life can be overwhelming, especially for preachers who regularly bear the burdens of the members of their congregations in addition to their own. Past traumas can cause lasting scars that make coping difficult. Terry is a faithful man of God who is struggling and has been admitted to a psychiatric facility. His wife, **Stacey**, has also had a breakdown and has been hospitalized. Please pray earnestly for Terry and Stacey, their two young daughters, and their extended family members.
