House To House Heart to Heart

The latest edition of House to House has been mailed to a 1000+ homes in our community. This paper is a part of our evangelist outreach to the community. If you would like a copy, you will find one in the rack with the weekly bulletin.

So far we have had two individuals to respond. I was able to have a couple of Bible studies with one of them and a lengthy telephone conversation with the other.

There are several things that we should keep in mind about this outreach effort. First, the success of any type of mail-out is not usually immediate but cumulative, that is, the longer we continue it the greater the results should be. Second, no matter what the results are – we have carried out our responsibility to get the message out.

Continue to pray for the success of this work.

Claude
