## Investing in the Youth

This past week we were able to have VBS here at North Main which brought a few thoughts to mind as to why we should spend of our resources, take of our time and energy, and even have a VBS at all. Through mentorship, education, and spiritual nurturing, we help equip the next generation to become compassionate leaders, steadfast in their beliefs and have values rooted in Christ.

Investing in the youth is a profound responsibility that shapes their future and their faith. Proverbs 22:6 emphasizes the importance of training up a child. This highlights the long-lasting impact of early guidance. By dedicating time and effort to nurture young minds, we sow seeds of wisdom, character, and faith that flourish throughout their lives.

Ecclesiastes 12:1 underscores the importance of instilling spir-itual values early on. Youth are impressionable and eager to learn; our investment helps build a firm foundation rooted in faith and integrity. As a Church we should not only see the importance, but also have the sense of gratitude to help our youth hear about God's Word. We nev-er know who might have heard something that they needed to hear and later will remember and come to Christ.
